

Daun Jung – Curriculum Vitae

Yonsei University
50 Yonsei-ro, Seodaemun-gu, Seoul, South Korea 03722

Email: daunjung@yonsei.ac.kr
Website: <https://cog-daun-jung.github.io/>

RESEARCH INTERESTS

Cognitive Science: Perception, Attention, Computational Neuroscience. **Others:** AI, Computer Vision

EDUCATION

- Yonsei University** Seoul, Korea
M.S. Candidate in Cognitive Science (Advisor: Prof. Sang Chul Chong) Sep. 2025 – Present
• Recipient of a Full Tuition Scholarship through Yonsei University's Accelerated Bachelor's–Master's Degree Program
- B.S. in Computer Science and Engineering & B.A. in Library and Information Science* Mar. 2021 – Aug. 2025
• Graduated with High Honors (Top 3%); GPA: 4.0/4.3
• Interdisciplinary Concentration in Cognitive Science
• Recipient of a Full Tuition Scholarship from the ILJU Foundation
- University of Massachusetts Amherst** Amherst, MA, USA
Exchange Student, Department of Psychological and Brain Sciences Sep. 2024 – Dec. 2024
• GPA: 4.0/4.0; Recipient of the Korea–U.S. Advanced Technology Youth Exchange Program Scholarship
- University of Leeds** Leeds, UK
International Summer School Student (Course: Data Mining and Text Analysis) Jul. 2024 – Aug. 2024
• Grade: First Class; Recipient of a Scholarship through Yonsei University's Summer Abroad Program

RESEARCH EXPERIENCE

- VCC (Vision, Cognition, and Consciousness) Lab, Yonsei University** Seoul, Korea
Graduate Research Assistant (Advisor: Prof. Sang Chul Chong) Sep. 2025 – Present
Undergraduate Research Assistant (Advisor: Prof. Sang Chul Chong) Aug. 2023 – Aug. 2025
• Research Field: Visual Processing, Attention and Consciousness
- Cognitive & Developmental Neuroscience Lab, University of Massachusetts Amherst** Amherst, MA, USA
Undergraduate Research Assistant (Advisor: Prof. Joonkoo Park) Sep. 2024 – Dec. 2024
• Research Field: EEG, Computational Modeling of Numerical Cognition
- Research Institute of Mathematics, Seoul National University** Seoul, Korea
Undergraduate Research Assistant (Advisor: Dr. Kabgyun Jeong) Feb. 2023 – Aug. 2023
• Research Field: Quantum Simulation
- Human Factors Psychology Lab, Seoul National University** Seoul, Korea
Undergraduate Research Assistant (Advisor: Prof. Sowon Hahn) Jan. 2023 – Aug. 2023
• Research Field: Natural Language Processing, Human Computer Interaction

PUBLICATIONS ([Google Scholar Profile](#))

- (2) **Jung, D.**, Park, J., & Chong, S. C. Revisiting the dissociation of explicit and implicit ensemble representations. (2026). *Under Review at Cognition*. Available at SSRN: <https://ssrn.com/abstract=6982387>
- (1) Yeo, Y., **Jung, D.**, Kim, C., Park, J. H., Cho, J., Choi, J., & Chong, S. C. (2024). The effect of reducing the refresh rate of a task-irrelevant window on the temporal and spatial resolution of a task-relevant window. *The Korean Journal of Cognitive & Biological Psychology*, 36(3), 99-109. DOI: [10.22172/cogbio.2024.36.3.001](https://doi.org/10.22172/cogbio.2024.36.3.001)

PRESENTATIONS

“Revisiting the dissociation of explicit and implicit ensemble representations.”

- Poster Presentation, Vision Sciences Society (VSS 2026), *St. Pete Beach, FL, USA*. (May. 2026)
- Oral Presentation, Korean Society for Cognitive and Biological Psychology, *Ewha Womans University*. (Jan. 2026)

“The effect of temporal frequency on image quality in a task-irrelevant window.”

- Poster Presentation, Korean Society for Cognitive and Biological Psychology, *Seoul National University*. (Feb. 2024)

“The effect of lowering temporal frequency of a task-irrelevant window on perceptual experience.”

- Poster Presentation, Korean Society for Cognitive and Biological Psychology, *Seoul National University*. (Feb. 2024)

“The potential of chatGPT and the human brain.”

- Invited Symposium Speaker, Korean Society for Cognitive Science, *ST Center, Seoul, Korea*. (May 2023)

HONORS AND AWARDS

Academic Excellence and Scholarships

- Accelerated Bachelor’s–Master’s Degree Program Scholarship (Full Tuition), *Yonsei University*, 2025–2027
- Graduated with High Honors, *Yonsei University*, 2025
- Full Tuition Scholarship, *ILJU Foundation*, 2022–2025
- Korea–U.S. Advanced Technology Youth Exchange Scholarship, *Ministry of Trade, Industry and Energy*, 2024
- Semester Honors, *Yonsei University*, 2022
- Semester Highest Honors, *Yonsei University*, 2021
- Academic Excellence Scholarship, *Yonsei University*, 2021

Additional Honors and Awards

- 1st Place, Winter School on Computational Neuroscience, *Korean Society for Computational Neuroscience*, 2026
- 1st Place, Research Trend Analysis Competition, *Yonsei University Library*, 2025
- 1st Place, Quantum Hackathon Korea, *Ministry of Science and ICT*, 2023
- 1st Place, Metaverse Map Production Contest, *Yonsei University*, 2022
- Excellence Award, Yonsei–Nexon $\sqrt{i}$ RC Creative Platform Contest, *Yonsei University*, 2021

RESEARCH & ACADEMIC ACTIVITIES

Research Crew Member , <i>Academic Information Center, Yonsei University Library</i>	Sep. 2025 – Present
Administrative Assistant , <i>Institute of Cognitive Science, Yonsei University</i>	Sep. 2025 – Feb. 2026
President , <i>Brain and Cognitive Science Community (BCSC), Korea</i>	Feb. 2024 – Aug. 2024

LEADERSHIP & SERVICE

Mentor for International Students , <i>Office of International Affairs, Yonsei University</i>	Sep. 2023 – Aug. 2025
Educational Volunteer , <i>Group Home Mentoring Program, ILJU Foundation</i>	Aug. 2022 – Aug. 2024
Student President , <i>Department of Library and Information Science, Yonsei University</i>	Mar. 2022 – Feb. 2023
Student Ambassador , <i>Official Public Relations Team, Yonsei University</i>	Sep. 2021 – Feb. 2023

SKILLS & CERTIFICATIONS

Programming & Analysis: Python, MATLAB, R **Experimental Tools:** Psychtoolbox-3, PsychoPy
Languages: Korean (native), English (fluent), Japanese (basic)

CERTIFICATIONS

SQL Developer; Advanced Data Analytics Semi-Professional; Computer Specialist in Spreadsheet & Database, Level 1
